Additional Questions for the Salt Lake City VAMC Renovate IT Closets Project

1. Which days and hours will be available for performing the more intrusive tasks on this project?  
Do we need to factor in shift and weekend work in our labor cost?

Work hours outside the regular work day can be made available; must be preapproved and scheduled with the VA. If contractor has labor differentials for work outside normal hours, this should be factored into cost.

2. Referring to the project manual 4.5 52.219-14 LIMITATIONS ON SUBCONTRACTING c1; In reference to the requirement that 50% of the personal cost be expended for employees of a Service Disabled Veteran Owned Small Business: Is the requirement that 50% of cost of labor go toward direct employees of the qualifying business?

The 50% is only for services – this project will fall under “general construction” or “construction by special trade contractors.” See FAR 52.219-14 (c) 3, 4 for the necessary percentages.

3. What are the work hours restrictions/preferences for this scope of work?

7:00AM -4:00PM

4. Are HEPA Carts(or other infection control measures) to be utilized anywhere in the buildings where there is scope/work?

Yes

5. Per the drawings, there are architectural note(#47) in some IT closets, indicating to “remove card reader and request to exit devices complete”, in the demolition detail, however there is not any note indicating to replace the card reader and request to exit devices. Please clarify if there is to be newly installed devices in the rooms where this note is indicated. As well, please clarify if card readers and request to exit devices are to be installed in all IT closets that do not have this note indicated(i.e.: all IT closets, or specific IT closets).

Yes, we want new card readers and request to exit devices on all IT doors. Coordinate with door schedules on GE501.

6. Per electrical keynote #6, are the UPS’s to be installed, to be rack mounted if rack space allows, and to be wall mounted if no rack space available?

Yes

7. Are new UPS's required in "All" IT closets, even if not indicated on the drawings?

Yes

8. It was stated during the site walk, that new "Hilti" firestop sleeve assemblies are to be installed in every IT closet, for future growth/use by facilities. Please clarify if this is required. And if so, what Hilti product is to be installed, and how many are to be added per IT closet.

This is stated within CLIN 0001

9. What is the existing BMS(Building Management System)?

Johnson Controls Metasys

10. Regarding the access controls system, Is it required to use the existing Johnson Controls "contractor" whom was present for the site walk(This contractor was Jack Ferguson out of the West Valley City, UT location)?

Johnson Controls (JC) must be used, however, specific JC representative is at discretion of contractor.

11. Is there to be a base bid(indicated in meeting to be Door security/access controls, Emergency power, UPS's) to be submitted; and then alternate bids for each "CLIN" listed in the solicitation?

CLIN's 0001 through 0005 constitutes the base bid, and the remainder of the CLINs are Options.

12. Can you provide the contact or the facility manager/contact for the VA campus?

No
